

WTF-B100

Intelligent Digital Anemometer

Description

The WTF-B100 Anemometer offers proven and effective monitoring for crane applications where wind speed monitoring is critically important. The system includes WTF-B100 display, WFS-1 wind speed sensor and 10m cable.

Function

Set Point 1: Signal lights flash on Indicator

Set Point 2: Signal lights flash on indicator and relay energizes

Application

- Telescopic cranes
- Port cranes
- Rail cranes
- Lattice cranes
- Dock cranes

Work Power Supply	DC 12V
Signal Output	Impulse Signal
Measure Range	0.8~60.0 m/s
Resolution Rate	0.1m/s
Starting Wind Speed	<0.8m/s
IP Class	IP65
Operating Temperature	-30°C~+60°C

Parameter Chart - WTF-B100 Display

Display Size	197.5mm x 90mm x 45mm
Working Power	AC220V or DC24V (±15%)
Installation	Wall-mounted
Signal Input	Impulse Signal
Alarm volume	>60db
IP Class	IP65

012 653 0732
082 416 8511
